### STORAGE AND MAINTENANCE

#### WASH INSTRUCTIONS

- Non-ionic detergent should be used
- Do not use bleach
- Do not iron
- Do not dry clean
- Wash at a maximum temperature of 73°C
- Tumble Dry exhaust temperature should not exceed 60°C. Controlled cooling, after wash, to 40°C, will minimise creasing
- Remove load immediately once goods are dry
- Maximum 100 washes

#### STORAGE

- It is recommended that the garments are stored in their original packaging clear of UV sources. Following use and cleaning, garments should be stored in a cool, dry and clean environment.
